

TAYLOR CAMACHO

SUMMARY

I'm a full time student looking for a position as a part time worker and to gain experience in the industry. I have experience as a content creator using programs such as Illustrator, After Effects and photoshop.

WORK EXPERIENCE

Line Cook / RedLobster

Jun 31 - 2018 - Nov 29 2022 (Thornhill, Ontario)

The company is known for its wide selection of fresh seafood dishes. I started back in 2018 and worked my way up from dish to grill master by taking the initiative and asking to learn more of the kitchen. By being a great team player that would always have a clean and organized work station, and ensuring food quality and presentation to the highest standards, I moved up fast.

Cashier / TimHortons

Sep - 2016 - Oct 29 2018 (Thornhill, Ontario)

The company is known for its coffee. I started as a cashier assisting customers with menu questions and suggesting food and beverage items and gained the skills of working in fast-paced, high-pressure situations. I was seen as a great team player with good communication skills and would take the initiative to learn other positions.
